Abstract and Paper Submission
Please submit your abstracts by February 10, 2017. By February 17, 2017, you will be notified whether your abstract was accepted or rejected. If you do not receive a notification email by February 17, 2017, please contact Farzad Moazzami via farzad.moazzami@morgan.edu. If your abstract is accepted, you must submit a full paper on or before March 3, 2017. We will notify you if there is a need for revision or a formatting issue by March 10, 2017. One of the authors must register for the conference by March 10, 2017. We request the final paper to be submitted by March 17, 2017. All documents must be submitted online in PDF format via the conference website.

Author Responsibilities
Any person may submit to this conference, whether or not he/she is an ASEE member. The author who submits the abstract and paper is responsible for adhering to all deadlines. Abstract/paper information can only be edited and updated by the person who submits it.

Presentation
In order to schedule a presentation slot, at least one author (preferably the presenting author) from each accepted paper must register for the conference no later than March 10, 2017, which is the Author Registration deadline. If no author for an accepted paper has registered by March 10, 2017, the paper will be removed from the conference proceedings.

Publication
All final accepted papers will be archived on a memory stick and distributed to all conference attendees. In order for a paper to be included, the author of a submitted paper must agree to have the paper distributed (this is not a copyright release, only an agreement to distribute). Either the main author or one of the co-authors must be registered for the conference by March 10, 2017. All documents must be submitted online in PDF format via the conference website.

Paper Format Guidelines

Title Page (top part of first page only)

1. Title of Paper: The title must be centered with at least a one and one-half inch margin on the left and right, and at least a one inch margin on the top. Put a single space between the title and Author/Affiliation

3. Title Font: Times New Roman typeface is required, bold faced, 14 point.
4. Footers: Please add the following footer to all pages of the paper (such as shown on this document):

Author and Affiliation

The abstract goes here. Abstracts are required, and can be included between the title and the body of the paper, but not on a separate page.

1. Heading title

Headings are not required but can be included. If used, headings must be left justified, lowercase, with the same font and size as the body of the paper. There must be only one space between the heading and the paragraph.

The font size is 12pt Times New Roman, single-spaced, skipping one line between paragraphs. The paper should be in a one-column format with left justification. There should be a 1 inch margins on all sides. Only standard symbols and abbreviations are allowed in text and illustrations. Do not number the pages. There is no set limit for the number of pages a paper can or must be. Please do not include any biographical information other than author affiliation. Please submit the final paper as a pdf.

Figures, images and graphs may be included as long as they fit within the page margins. To refer to a figure in the text use the abbreviation “Fig.”, as in noticing that Fig. 1 shows a rectangle. If the figure reference is the first word in a sentence, then use the entire word “Figure”. Figure 1 shows a rectangle. To refer to a table (e.g., Table 1), the entire word “Table” is used regardless of whether it is at the beginning or end of the sentence. Note that figure captions use sentence case whereas tables use title case. Do not split tables between 2 pages unless it cannot be avoided.
